Packing	Waxed master cartons, e.g. 10 × 2 lb or 6 × 2 kg, with inner bag
Labelling	Species, size, net weight, lot and date, per destination country
Traceability	By lot, from the processing plant to the container
Container	Reefer 1×20′ or 1×40′ at −18 °C (approx. 24–26 t net in a 40′, depending on packing)
Minimum volume	1×20′ reefer · mixed loads of several species on request
Incoterms	FOB · CFR · CIF, on request
Indicative port	Maracaibo · Puerto Cabello · La Guaira
Samples	Samples and production photos of the lot on request

Commercial terms

INCOTERMS
FOB · CFR · CIF

INDICATIVE PORT
Maracaibo · Puerto Cabello · La Guaira

MINIMUM VOLUME
1×20′ or 1×40′ reefer

QUALITY
Independent laboratory before every shipment

Quality & documentation

- Independent laboratory analysis before every shipment: microbiology, net weight and glazing.
- Container temperature log during transit.
- Health certificate and plant approvals as required by the destination market.
- Non-circumvention and non-disclosure agreement (NCNDA) signed before the parties are introduced.

Indicative specifications, subject to lot and laboratory certificate. Final values for each operation are confirmed by the independent laboratory analysis and the contract signed by the parties. This document is not a firm offer.
